Welch Allyn MFI Sōlarc® Headlight System

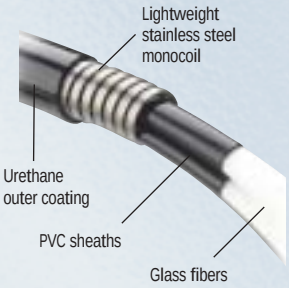
Easy to wear. Hard to wear out.

Welch Allyn®

Advancing Frontline Care™

Added adjustments for better comfort

Fine tune the two ratchet adjustment systems until the soft, flexible headpiece fits just right.



Our triple-shielded fiber optic bundle comes with an ironclad guarantee

We're positive our patented interface and triple-shielding will protect the glass fibers from breaking. So positive, in fact, that we're making this exclusive Ironclad Guarantee. Our MFI fiber optic bundle will maintain 90% of original transmission capacity throughout the first 18 months of use or we'll replace it. Free of charge.

Spot adjustment

from 20mm to 75mm at 16" operating distance

Luminaire improves your view

Precision optics are securely aligned in a lightweight alloy luminaire body.

Sleek design

complements any setting

Manual dimmer

provides control of light output from 0% to 100%

Multiconnection turret for Sōlarc light source

The Sōlarc light source is also available with a multiconnection turret that lets you plug in most Storz, Olympus, Wolf, and ACMI fiber optic bundles.

Xenon color at a halogen price

Halogen headlights offer yellow, less intense illumination. Sōlarc delivers the pure white light needed to make precise tissue color identifications.

Halogen Lamp (3,200°K) — Welch Allyn Sōlarc Lamp (5,500°K)

Compact Mobile Stand

Mobile stand securely holds light source in place. If offers storage for your headlight, fiber and spare lamp. The tilt-free design has a compact, 19" diameter footprint.
